Leave Vs Services Report 11-05-2014 18:16

The following list of students resulted from matching students that are inactive [only student master records with leave codes] that have active JSPED service records for that student. You will need to follow your normal procedure to terminate any active service for each student listed below. Also, you may wish to insert a **sped activity exit reason** code of **04** if the student moved out of state.
