

Attendance Comparison Report 11-04-2014 16:15

Please find a list of schools below that are a result of comparing Excused, Unexcused, and Suspension attendance transactions for current year Vs prior year. The deviation is set at 15% at this time. The original objective of this program is to spot a potential problem with attendance numbers BEFORE your DOE transmission.

This program does as-of the date of the run. This audit will run once a month.
These are absentee transactions, not days absent!
