

Student Master Entry List Report 11-06-2014 06:15

Please find a list of students that entered your district today in school order. You may use this list to update your lunch system or go to your state SPED web for verification and jurisdiction information. You will receive a list of new arrivals each day. The SPED Column indicates students who were in your district previously as Special Ed. It does not identify students who have transferred into your district who might be Special Ed. A gain/loss register is available in your system. When inserting an entry code into the Student Master the user will be requested to select a sending school site from a state table built into your software. You may issue a district directive to always select a sending site.
