## How to Create Categories

1. At the top of the Gradebook, verify the **Year, District, School** and **Teacher**. Choose the **Course** then **Marking Period**.
2. In the upper left corner of the Gradebook, click on **Assignments, Categories**, then **Category Editor** will appear.
3. Under the header **Category**, type the desired name of a category. Example: Test, Quiz, Homework, etc.
  - If only one category is available, then that category will be defaulted when creating a new assignment.
4. **Default Max Value** will be required if a numerical grading type is selected. Type in the maximum points that will typically be used with the category.
5. **Weight** is not a required field but can allow you to set categories that are based on percentages of the total grade.
  - If using weights be sure that every assignment within a section has a category with a weight value. Example: For 30%, simply type 30.0 in the weight field and click on the green Save box.
6. All categories created in Gradebook show for all sections. A user can have categories that are non-weighted for some sections and also have weighted categories for others. The user needs to remember that if a weighted category is used on an assignment in a particular section, then all assignments in that section must be of a weighted type. The gradebook will not calculate weighted and non-weighted assignments in the same section. See 4-Step Process below.
7. The next field is **Color**. This is not a required field, but if it is desired to color code categories, click in the field to get a drop down showing different colors. Select a color to associate with the category.
8. Click in the last field to save.

### \*\*\*4 Step Process for Correcting Category/Weight

1. Click in **Assignments, Categories** and take out all weights, then **Save**.
2. Click on **Assignments, Syllabus, Edit** and re-choose categories for the assignments, then **Save**.
3. Click on **Assignments, Categories** and re-enter the weights, then **Save**.
4. Under **Grades**, choose **Recalc Assignment Grades**.

### \*\*New Enhancement – Grades

- **Category Editor** - An option is now available to show assignment headers as colored for categories instead of the whole column. Color options for the headers are setup in the **Category Editor**.
- **Show Me Menu** - Assignment grades can now be displayed in a selected color when a teacher goes to the **Show Me** menu and selects a **Valid Grade** to view. Colors are set in the **Grading Scale Manager** in the **Sponsor Site Editor** which is completed by your District Coordinator.

## How to Create New Assignments

1. For the Course and **Marking Period** previously chosen, click on the button **Assignments**.
2. In the menu that appears click on **New**.
3. The **Assignment Editor** will appear.
4. Type in a unique **Assignment Title** for the assignment/lesson.
5. If using **Categories**, select the appropriate category.
  - If the user only has one category, then the assignment editor will default to that category.
  - If your district requires categories to be used in this subject, there is an indicator in the Master Schedule Editor reflecting this requirement. The presence of this indicator will give a popup warning that the user will not be able to save the new assignment without selecting a category.
6. **Grade Post Type** will be defaulted based on district settings. If the grading scale changes after grades have been entered, the user will need to adjust the grading scale. *Click to go to Adjust Grading Scales.*
7. If the course selected uses the Comprehensive **Curriculum**:
  - Select the Curriculum Unit that the assignment is associated with then click ok.
  - Select the Curriculum Topic then click ok.
  - Select the Curriculum GLE's then click ok or click Append to Objectives if creating a lesson plan.
  - If the assignment being created is a test on the unit selected from the Comprehensive Curriculum, check the box labeled Designated Unit Test.
8. If the course selected uses the **Common Core Standards**:
  - Click in the Core Standards field and a list of Content Areas (English Language Arts, Mathematics, Science, Social Studies) will appear on the left of the screen. At this time there are standards only for English Language Arts and Mathematics. Science and Social Studies will be added as they become available.
  - At the bottom left of the screen will be a grade level. The default value will be the grade level of the course. The set of standards to be displayed will be based on this value. The grade level can be changed by clicking on the drop-down arrow.
  - Each Content Area is further divided into one or more Domains.
  - Each Domain has one or more Clusters. After selecting a Cluster, the standards will be listed on the right side of the screen with a light brown background color.
  - To select a standard, click the green plus sign at the top left corner of the standard. The background color will change to a blue background and the green plus sign will change to a red X.
  - The selected standard(s) will appear at the bottom of the screen.
  - To unselect a standard, click the red X. The background color will return to the original light brown and the red X will be replaced with the original green plus sign.
  - To save the selected standards, click the Submit button at the bottom right of the window.
  - The standards selection window goes away. The Assignment window will be on the screen with the selected standards listed in the Core Standards field.
9. **Do No Show in Gradebook** - This option is available in both **Gradebook** and **Lesson Book**.
  - Check the box if the assignment, currently being created in Gradebook, is only a lesson plan and needs to not show in the Gradebook. It will show in Lesson Book only. The default is to be checked.
  - Uncheck this box if the assignment needs to show in the Gradebook as well as Lesson Book. It will show in the Lesson Book, in orange, but make sure Assignments is checked in Tools→ Show Me.
10. If using Numerical Grade, SNU Numeric Grade, OSN Numeric Grade, or OSNU Numeric Grade enter the **Maximum Point** value for the assignment. If this is a **Bonus** point assignment, enter 0 for the point value.
11. If using Letter Grade, SNU Letter Grade, OSN Letter Grade, or OSNU Letter Grade a maximum point value cannot be entered. If using Numerical Grade, SNU Numeric Grade, OSN Numeric Grade, or OSNU Numeric Grade, enter the points possible for **Bonus** points if desired. If using Letter Grade, SNU Letter Grade, OSN Letter Grade, or OSNU Letter Grade bonus points cannot be entered.
12. For the **Date Taught From**, select the date the assignment was first taught.
13. For the **Date Taught To**, select the last date the assignment was taught.
14. For the **Due Date**, select the date the assignment is due to be turned into the teacher.

15. If entering a lesson plan, enter the prior required knowledge for the assignment in the **Prerequisite(s)** field.
16. The box below the "Prerequisite(s)" field is the "Objective(s)" field. If GLE's were selected and appended to objectives, GLE's will be seen in this area. To add to this area, click in the text box or click the "Objective(s)" button.
  - To enter lesson plan information, click on the "Lesson Plan" button. Enter text in the text box that appears.
  - At the bottom of the box that appears after clicking "Lesson Plan" are tabs for entering other lesson plan information. To enter homework information, select the "Homework" tab
  - To enter modifications for a special education student, select the "Modification(s)" tab.
  - Click the "Return" button when finished entering information.
  - Click the "Instructional" button to enter the instructional methods for the lesson plan.
  - Click the "Eval/Assess" button to enter the evaluation and assessment methods for the lesson plan.
17. Click **Save** to complete creating the assignment/lesson.
18. Click **Copy** to copy this assignment/lesson plan to other sections.
  - After clicking **Copy** select the sections that the assignment/lesson plan needs to be copied to.
19. After creating an assignment, click on **Attach** (paper clip symbol) to attach a file. Then choose "Add", click on the file to include and then click on "Choose". The file is now attached.

## Posting Grades

1. After the student list has populated, **student names** may be highlighted. Hover over the student name to see the tool tip. For example, blue will be students who have recently enrolled in the class and will remain blue for two (2) weeks after their enrollment date in the class.
2. The user can create a New assignment, or add grades to an existing assignment.
3. To begin **entering grades** for an assignment, click in the cell to the right of the student's name in the appropriate assignment column. Type in the valid grade and press the "Enter" key to move to the next student. The user can also use the mouse or arrow keys to move to other students.
  - If the Grade Post Type is Numerical Grade, the valid grades to be posted are all numerical values (1, 2, 3, 4...) not exceeding the maximum value of the assignment plus the value of the bonus points.
  - If the Grade Post Type is Letter Grade, the valid grades to be posted are A, B, C, D, and F.
  - If the Grade Post Type is SNU Letter Grade, the valid grades to be posted are S, N, or U.
  - If the Grade Post Type is SNU Numeric Grade, the valid grades to be posted are all numerical values (1, 2, 3, 4...) not exceeding the maximum value of the assignment plus the value of the bonus points.
4. Additional valid **grades** that can be posted are:
  - A blank assignment grade is not counted as a zero (0) in the final calculation.
  - E is used to mark an assignment grade as an exempt grade for a student and it is not counted as a zero (0) in the final calculation.
  - I is used to mark an assignment as incomplete. The Average marking period grade will remain as an "I" grade as long as any assignment has an "I" grade posted. "I" grades do generate phone calls when marked in the gradebook. See more information below.
  - P is used in any assignment to signal the final marking period average as a passing grade. Note: Per the state definition, if a student receives a letter grade of "P", it is excluded from the GPA calculation. Zero quality points are awarded, however, the Carnegie credit earned for the course is counted toward the credit required for meeting a core category. This differs from an "F" because an "F" will also receive zero quality points and zero credit will be earned, however, the course will be counted in the number of courses taken.
  - R is used in any assignment to signal the final marking period average as a readiness grade and it is not counted as a zero (0) in the final calculation.
  - W is used in any assignment to signal the final marking period average as a withdrawal grade and it is not counted as a zero (0) in the final calculation.
  - X is used to mark an assignment grade where the student failed to make up an assignment. It is treated as a zero (0) in the final calculation but can also be used in conjunction with a numerical grade such as "98X". NOTE: It is used often in the place of the "I" to put the burden of getting the grade in on

the student and not the teacher. At some point, the "I" must be cleared but not the "X". Also "X" grades do not generate phone calls when marked in the gradebook.

5. If you are needing to post **symbols**, click here: [Using Symbols](#)
6. To **Delete** a grade, click in the cell of the grade that you want to change.
  - The cell will highlight, tap the backspace or delete key, then tap the enter key.
  - Remember to click the save button at the top of your screen.
7. Posting Assignment Grades of **F** or **I**

If a grade of "F" or "I" is posted for an assignment grade, a grade message may be sent home and displayed in the Student Progress Center. To prevent the grade message to be sent due to an accidental posting, when a grade of "F" or "I" is posted, the teacher will receive a warning message. The teacher can then go back and correct the grades prior to the grade message being sent. The district determines the frequency and times that these messages are sent.

### Transfer of Grade Assignment

The Transfer Grade of Student instructions are for the entering an assignment for students transferring into a new class at an existing school or a new school.

### Adjust Grading Scales

A Teacher may find that they are using an incorrect grading scale when creating assignments in their Gradebook. Rather than have the teachers delete the assignments, and then re-enter them using the correct grading scale, the **Adjust Scale** utility was created to help correct these situations. The utility will work to change Numeric to Numeric and Numeric to Alpha only. It CANNOT change Alpha to Numeric.

In the **Assignment Syllabus**, check the assignments that need to be adjusted then choose **Adjust Scale**. In the pop-up box, choose the correct **Grade Post Type** (grading scale) and click on **Adjust Scale**. All selected assignments will be updated with the chosen **Grade Post Type** and the assignments will be recalculated. If the user cannot select the correct Grade Post Type, consult the Master Schedule Editor first, the Course Catalog second and/or the Sponsor Site Grading Scales Manager last. These are where the Grade Post Type is assigned depending on section, course and district.

**Adjust Scale**

Please choose the appropriate grading scale below and then click 'Adjust Scale'. All selected assignments will be updated with the chosen Grade Post Type and the assignment grades will be recalculated using the selected Grade Post Type.

**WARNING:** Changing from an alpha to a numeric scale will require assignment grades to be re-entered because no numeric value exists.

# Lesson Plans

## Create a New Lesson Plan

To make a new lesson plan, click **New** on menu bar at the top.

In the **New Lesson** window:

- **Course** – Select the course from the drop-down list. The Class name is followed by the class period, section number, and terms.
- **Lesson Name** – Enter name or title for the lesson. All titles should be uniquely named within the same section or an appendage of -1 will be added to the end of the new title.
- **Plan Start Date (Option 1)**: defaults to the Monday beginning the week of the assignment. Non-instructional days will not be included in the days of the assignment. **Note**: If you create, edit, copy or import a lesson plan for a day outside this week, you will receive a pop-up message.
- **Plan End Date (Option 1)**: must be the last day the lesson will be taught.
- **Start Date and Plan End Date (Option 2)**: The start date and end date can now be entered by using a more interactive calendar. Click the calendar icon next to either start or end date to view the interactive calendar. As you are selecting the start and end dates, the date range selected will be highlighted within the calendar to guarantee accuracy. Click ok to apply the selected date range to the lesson.
- **Create Lesson Per Day** - With this option checked, if the Plan Start Date and the Plan End Date cover a range of days, the lesson plan will be unique per day within the date range.
- **Share Lesson Plan** – You can share your lesson plan with other teachers. You can share your lesson plan with all teachers or specific which teachers by selecting the teacher(s) in the next drop-down field.
- **Do not display in gradebook** - This option is available in both Gradebook and Lesson Book.
  - **Check** the box if the assignment is only a lesson plan and needs not be displayed in the gradebook. The default is to be checked.
  - **Uncheck** this box only if the lesson plan is also going to be a graded assignment that will display in the gradebook as well as Lesson Book. This will un-gray the area at the bottom of the window so that assignment information can be added. Also, this will make the Lesson Plan/Assignment orange in the Lesson Plan window unless the "Assignments" under "Tools" → "Show Me" is unchecked.
- **Curriculum GLE's**:

The screenshot shows the 'New Lesson' form with the following fields and options:

- Course**: SELECTION REQUIRED (dropdown)

  - Weight**: [Empty text field]
  - Maximum Value**: 0
  - Bonus Points**: 0
  - Date Due**: Mar 11 2019 (calendar icon)

- Click in the field to the right of "Curriculum Unit:" and select the Unit to be taught with the lesson. Click "OK".
  - A list of activities that go along with the unit will appear after clicking ok. Select the activities to be taught with the lesson.
  - Click "OK".
  - A list of GLE's associated with the Unit will appear. Select the GLE's to be taught with the lesson.
  - At the bottom of GLE selection page is two options. Simply click "OK" to move to the next area or click Append to Objectives to append the GLE's selected to the Objectives area.
- **Core Standards:**
    - Click in the Core Standards field and a list of Content Areas (English Language Arts, Mathematics, Science, Social Studies) will appear on the left of the screen. Currently there are standards only for English Language Arts and Mathematics. Science and Social Studies will be added as they become available.
    - At the bottom left of the screen will be a grade level. The default value will be the grade level of the course. The set of standards to be displayed will be based on this value. The grade level can be changed by clicking on the drop-down arrow.
    - Each Content Area is further divided into one or more Domains.
    - Each Domain has one or more Clusters. After selecting a Cluster, the standards will be listed on the right side of the screen with a light brown background color.
    - To select a standard, click the green plus sign at the top left corner of the standard. The background color will change to a blue background and the green plus sign will change to a red X.
    - The selected standard(s) will appear at the bottom of the screen.
    - To unselect a standard, click the red X. The background color will return to the original light brown and the red X will be replaced with the original green plus sign.
    - To save the selected standards, click the Submit button at the bottom right of the window.
    - The standards selection window goes away. The Lesson window will be on the screen with the selected standards listed in the Core Standards field.
  - **Prerequisites:** List the topics that are needed prior to teaching the new lesson.
  - **Objective:** Fill in any objectives for the lesson in addition to any you chose to Append to the Objectives.
  - **Template:** Your district can design a template by an administrator using the 700 access. Go to Tools, choose Create/Edit Template, then simply type or copy and paste your information into the text area, name the template and save.
  - **Lesson:** To the right you can fill in the lesson information or any additional information needed.
  - **Homework:** Make note of any homework given in the field to the right of homework.
  - **Modifications:** If any student(s) have special needs, fill in that information to the right of modifications.
  - **Instructional Methods:** Click to the right in the field and a box will appear listing the different types of instructional methods. Select all that are appropriate and click "OK".
  - **Eval/Assessment:** Click to the right in the field and a box will appear listing the different types of evaluation and assessment methods. Select all that are appropriate and click "OK".
  - If all information is correct, click on "**Save**". If you would like to copy this lesson plan/assignment to other sections, click on "Copy" at the top of the screen, then choose the sections where you want to copy the sections to. When saving or copying a lesson plan, the **Lesson Editor** will now stay open to make it easier to create multiple lessons. Click **Reset** at the top of the **Lesson Editor** to start a new lesson plan.

**Note:** You can create a lesson plan for the next school year while in the current year. But, to view the next year lesson plan, you must go back to the set-up box and change to the following school year. There must be a sponsor site, calendar and Master Schedule Editor created and students for the following school year. You cannot make a lesson plan span from school year to the next school year.

**NOTE:** The name of the course will display in bold print for the daily lesson plan and for the weekly plans. Also, if there are **attachments**, there will be a paper clip icon to the left of the **Course Name**.

Tabs on the top right of the screen:

- **Day** will show daily lessons. The arrow or calendar will change the date by the day each time it is clicked. On the **Day** tab, the lesson summary will display the class period, course name, and lesson name.
- **Week** will show weekly lessons. The arrow or calendar will change the date by the week each time the arrow is clicked, or the calendar is changed by the user. On the **Week** tab, the lesson summary will display the class period, course name, and lesson name.
- **Month** is chosen from the calendar located on the left side of the screen under the icons will show monthly lessons. The arrow or calendar will change the date by the month each time the arrow is clicked, or the calendar is changed by the user. On the **Month** tab, if there are more lessons than can fit in a date, click on the **More** option to view the additional lesson.

**NOTE:**

- When viewing the Day or Weekly tab, a user can now Zoom In to view an expanded display of their lessons or Zoom Out to return to the default view of lessons.
- On the Day, Week, or Month tab, a user can now click on any holiday event to view additional information.

**Submitting a Lesson Plan**

Once a user has completed all their lesson plans for the period of time required by the administration, click the **Submit** button at the top of the page. You can also **Submit** one lesson plan at a time by left clicking on the lesson plan, and then choosing "Submit" from the options. You will notice that the headers of each lesson change to a gray color indicating a submitted status. The right click menu also allows you to edit, print, see a summary, quick copy, show comment or delete individual lesson plans.

Note: If a lesson is changed after clicking "Submit", the status of the lesson will revert to a color of white, indicating "Unsubmitted" status. Be sure to re-submit the changed lesson by clicking the "Submit" button again.

**Color Codes for Lesson(s)**

- White-Unsubmitted lesson(s)
- Gray-Submitted lesson(s)
- Red-Rejected lesson(s)
- Green-Approved lesson(s)

## Comments in Lesson Plans

The user can view the administrator's comments in the lesson plans by using this feature.

1. Choose **Tools** and **Lesson Plans with Comments**.
2. A setup box will appear.
  - **Year** - Defaults to the current year. A prior year may be accessed by clicking in the field and making the appropriate selection from the drop-down list.
  - **District** - Default value is based on security settings. The user will be limited to that district only.
  - **School** - Default value is based on your security settings. If the user is assigned to a school, the school default value will be your school site code. The user will not be able to change this value.
  - **From Date** and **To Date** - A set of dates that limits the selection of records for the report to a beginning date (from) and an ending date (to) range.
3. **OK** - Click to continue.
4. The user can view the administrator's comments in the lesson plans with date and time.
  - **Teacher** - Teacher name
  - **Section** - Section number for the course
  - **Section Name** - Name of the section/course
  - **Lesson Name** - Name of the lesson plan
  - **Sign Off Timestamp** - Date and time when the comment was signed off on in the lesson plan
  - **Comment** - Sign off comment usually written by the administrator
5. **Print** - This will allow the user to print the report.

**Copy Lessons, from the Tools menu, will allow a user to copy lesson plans from one class to other classes.**

1. Click on menu **Tools** and then click on **Copy Lessons**.
2. Click **Next**.
3. A list of lesson plans available to copy will appear in the **Lessons and Assignments** window. Select the lesson plans to copy.

**Note:** When a teacher moves from one school to another, they can choose their lesson plans from the previous school in the previous year to the new school in the new year. The user will see these in the list.
4. Click **Next** to move to the next screen or click **Back** to go to the previous window to select a different year and section.
5. In the **Copy Lesson** window, the lesson that was selected to copy will be listed.
  - Check **Create lesson per day:** only if a lesson is taught more than one day and each day is considered an independent lesson plan.
    - For example: A history teacher is covering Julius Caesar. The lesson will last a week, but each day is a different topic about Julius Caesar. So, the teacher copies a lesson plan about Julius Caesar from a previous class and/or year and, by using the **Create lesson per day:** feature, creates individual lessons per day over the course of the week, making minor adjustments to each day.
6. Click in the cell(s) under **Copy to Section** to select the section to copy the lesson plan to and it will appear in that column.
7. For teachers assigned to multiple schools, choose more schools from the **school** column where the same lesson will be taught.
8. Click in the cells under **Plan Start Date** and **Plan End Date** to make adjustments to when the lesson will begin and end.
9. Click **Copy** to complete the process.

**Quick Copy, from the Single Lesson menu, will also allow a user to copy lesson plans from one class to other classes.**

1. Left click on a lesson plan and select **Quick Copy**.
2. In the **Copy Lesson** window, the lesson selected to copy will be listed.
3. Check **Create lesson per day**: only if a lesson is taught more than one day and each day is considered an independent lesson plan.
  - For example: A history teacher is covering Julius Caesar. The lesson will last a week, but each day is a different topic about Julius Caesar. So, the teacher copies a lesson plan about Julius Caesar from a previous class and/or year and, by using the **Create lesson per day** feature, creates individual lessons per day over the course of the week, making minor adjustments to each day.
4. Click in the cell under **Copy to Section** to select the section(s) to copy the lesson plan to.
5. For teachers assigned to multiple schools, choose more schools from the **school** column where the same lesson will be taught.
6. Click in the cells under **Plan Start Date** and **Plan End Date** to make adjustments for when the lesson will begin and end.
7. Click **Copy** to complete the process.

### **Adding an Attachment to a Lesson**

1. Click on the **paper clip** to attach a file.
2. The Add Attachments window will appear. At the bottom, click the **Add** button.
3. A **Drive** window will appear.
4. Choose the document to upload by clicking on the document. The user will now see a **new row** with the chosen attachment.
5. The attachment icon (paper clip) will turn blue. The attachment icon at the top will display all attachments associated with the lesson while the attachment icons to the left of **Instruction Methods** and **Eval/Assessment** will only show attachments.
6. **X** out of the **Add attachment** window.
7. There will now be an attachment icon on the lesson plan. If the user added an attachment to an existing lesson plan, then click on the **Refresh** button at the top to see the icon.
8. The lesson editor window will remember the user's selections (Create lesson per day, Share Lesson, Share Lesson with Teacher(s), and Modifications) for the next time they create a lesson for the selected section.

### **Editing an Attachment**

1. Click on a lesson plan with an icon to see the menu and choose **Edit Attachment**.
2. Click on the red square to **delete** the attachment.
3. Click on **Add** to add additional files.
4. **X** out of the **Add attachment** window.

### **Student Progress Center**

Attachments in Lesson Book can be viewed on the Student Progress Center.

- In the SPC calendar, click on the **Lesson Plan**. At the bottom of the pop-up screen, click on the button **Attachments** and you will see the attachment in another pop-up window.
- Attachment(s) in the gradebook can also be viewed on SPC.

# Lesson Plan Review

This report will allow for viewing of teacher's lesson plans. There must be students scheduled in the course before the lesson plan will show on the Lesson Plan Review. Also, the teacher cannot be "Denied" in Grading Period Locks.

## Setup Options

**Year** - The Year defaults to the current school year but can be changed by selecting a different year from the drop-down list.

**District** - Default value is based on the user's security settings. It will be limited to their district only.

**School** - Default value is based on the user's security settings. If the user is assigned to a school, the school default value will be their school site code.

**Grades** - Grade level of the lesson plans.

**Content Area** - Choose between the transcript courses or choose all content areas.

**From Date** and **To Date** - Choose the **From** and **To** date for the time span of lesson plans that you want to view.

**OK** - Click to continue.
