Starting the Transcript Workstation

To access student transcripts, go to **Transcripts** and then click **Entry**, then **Transcript Workstation** or simply click on the word **Transcripts**.

The Transcript Setup screen has many items to explain:

(Check with district/school administrator for explanation correct responses which apply to your district policy for transcripts)

1. **District/Year** : Make changes, if necessary.
2. **School** : Choose if needed or your security rights will have the correct site for you.
3. **Grade**: Choose grade(s) to work with. Leave blank if you want all grades at your site.
4. **Transcript Type**: See pages at end of this guide for examples of [College](#) and [Official](#) type transcripts.

Transcript Type :

College

College

Custom

The **College** is usually used as a working copy of the transcript.

The **Official** is used to present the student with an official transcript when needed.

5. Next Options:

- Select “Show Current Year Grades” option to show grades for current year classes in addition to transcript records from previous years. These grades will be marked with a “G”. Typically, this option is used after the midterm part of the year since the transcripts show only semester and/or final grades.
- Find Only Active Students is used when you are looking for a student with a leave code.
- Include SIS School is used to view SIS school assigned students routed back to the setup school.

- **Refresh** – if needed, the student’s transcript can be refreshed with this button
- **Previous, Next** – Browse through the group of students selected on the setup screen
- **Setup** – Return to the setup screen and change the options
- **Find** – Locate a student and view the transcript
- **Help** – Allows users to go the **Help** system (?) for written instructions and/or videos.
- **Print Multiple** – Print more than one student, such as by Grade, by Special Code, by Sport, etc...
- **Print Single** – Print the current student’s transcript

Find a Student

Locate the **Find** button in the lower center portion of the screen. Once the student is found in the list click on the student’s name. The student’s transcript will appear on the screen as shown below.

Columns on the Transcript Workstation Screen

- **D** = Delete
- **GRP** = Course Transcript Group
- **Course** = Course Name
- **S1n** = Not used in Calcasieu Parish: First semester numeric grade.
- **S1a** = First semester alpha grade.
- **S1yr** = Year first semester grade earned. **Note:** “Year” is the ending part of the school year. Example: “2020-2021” would be indicated as “21”.
- **R1** = Not used in Calcasieu Parish: “Replace semester 1 grade”
- **S2n** = Not used in Calcasieu Parish: “Second semester numeric grade”.
- **S2a** = Second semester alpha grade.
- **S2yr** = Year second semester grade earned. **Note:** “Year” is the ending part of the school year. Example: “2020-2021” would be indicated as “21”.
- **R2** = Not used in Calcasieu Parish: “Replace semester 2 grade”
- **F1n** = Not used in Calcasieu Parish: “Final numeric grade”.
- **F1a** = Final alpha grade. Use if final alpha grades are posted in your district.
- **F1yr** = Year final grade earned. **Note:** “Year” is the ending part of the school year. Example: “2020-2021” would be indicated as “21”.
- **R3** = Not used in Calcasieu Parish: “Replace final grade”
- **Cp** = Carnegie Units Pursued
- **Ce** = Carnegie Units Earned.
- **H** = Letter code to denote specific traits of a course. A course can have none, one, or a combination of these. Commonly used codes are:
 - **A = Alternate Grade Scale Course** (usually 10 point scale)
 - **D = Dual Enrollment**
 - **H = Honors** (indicator for Honors)
 - **1 = Special Ed Course**
 - **3= Gifted Course**
 - **4 = Advanced Placement**
- **G** = the letter G denotes a current year grade record (this cannot be edited from here).
- **S-code** = State Code.
- **Grade-Source** = School site where grade was pursued /earned.
- **PE** = Possible errors with the transcript record.
- **S** = Save cell. Clicking this cell will bring up a details screen of additional information that can be entered about the course, and then perform a final save of the record.

Adding Transcript Records

Two situations when adding course(s) to a transcript:

1. Insert a course that is **present** in the course catalog:
 - Click in the **Course** blank to bring up the Course Catalog. You can then choose the desired course. This brings in the **GRP** – Transcript Group, the **COURSE** – course name, **H** – Honors Field (if any), **S-code** – State course number.
2. Insert a course is **not present** in the course catalog:
 - Single click in the **Course** blank to type the name of a course not available in the Course Catalog. You will then need to select a **GRP** for the **Transcript Group** and click in **S-code** column to bring up the State Course Catalog to select the appropriate state course number.
3. Enter the grade earned and year earned.
 - A numeric or alpha grade will be entered in one of the Semester 1 columns (S1a), and / or Semester 2 columns (S2a), and / or Final columns (F1a). This is done by clicking in the appropriate cell, then choosing an alpha letter (cells ending with “a” as S1a, S2a, F1a).
 - To enter the year the grade was earned (either S1yr, S2yr, or F1yr), click the drop down and choose a desired year. The **Year** (S1yr, S2yr, or F1yr) is the ending part of the school year. Example: “2020-2021” would be indicated as “21”.
4. **S-Code:** (State Course Code): Only needs to be entered if the user is entering a course that is not in the district course catalog. If posting a course not in the course catalog, to enter the state course code, click in the S-code cell. A listing of state courses / codes appears. Search the listing, then click to select the desired state course code.
5. **Save the course** – Click the green box at the far right of the row. A detail screen will appear as shown below.

6. The user will notice that there are three rows of cells: S1 row, S2 row, and F1 row. The user would enter details on the matching row of the grade posted previously. For example:
 - If the user had posted a grade in the **F1** cell, then the details would be added on the **F1** row.
 - If the user had posted grades in the **S1** and **F1** cells, then the details would be added in both rows.
7. Enter **CP** (Credit Pursued) and **CE** (Credit Earned) information on the rows that match grade entry.
8. If a check was placed on the row under the **REP** column, the radio button for **REP** (Replaced) will be indicated.
9. If the course was taken as **CR** (Credit Recovery) click the radio button to indicate **CR**.
10. If the Course was taken as **SS** (Summer School, not Credit Recovery) click the radio button to indicate **SS**.

11. If an indicator is needed for the **Honors** field, click to choose the appropriate code, or combination of codes.

Below are the possible **Honor** field choices:

12. Choose all that apply and click **OK**.

13. If the course was **DS** (Distance/Satellite) indicate it as one of the following:

- | | |
|---|--------------------------------|
| 1 | 01 State Virtual School Course |
| 2 | 02 8g Satellite Courses |
| 3 | 03 Other Distance Learning |

14. Credit Site, State, Enrolled Site, and College Hours

- **Credit Site** refers to the site where the credit was earned / pursued. Click in the **Credit Site** field to get a listing of public, non-public, and charter sites in Louisiana.
- **For Dual Enrollment courses, credit site is the post secondary site where the dual enrolled credit is earned.** For most other courses, credit site is the high school where the credit is earned.
 - i. **Tip:** Universities and Community colleges start with site codes of “4”. Technical colleges start with site codes of “2”. You may find it easier to find the post-secondary site by first highlighting the column header of **Site ID**, then place a “4” or “2” in the text box.
 - The easiest way to search the listing is to type some of the school’s name in the **Search** box. A matching list will come up. Verify if the school is in the correct district, then select.
 - If the school is not in the pick list, such as a school from Texas, click the yellow “x” in the upper right, to close the school listing. You will find that the cursor is located in the **Course** field waiting for you to type in the name of the site.
 - Select the **State** when working with a school that is not on the school selection listing.
 - **Enrolled Site: For Dual Enrollment courses only:** Enter the **high school** that the student was enrolled in while taking the DE course. This is required if the course is **Dual Enrollment (Honors code of “D”)**.

15. When all information is entered , click the **SAVE** button. The course will move from the insert row at the top to the matching group listing of courses.

- Example: If the new course is a math class (GRP = “3”), then after clicking **Save**, the new math class will move from the insert row at top to the math grouping of classes further down.

Editing Transcript Records

1. To change the **GRP** (Group), **Course**, **S1a**, **S1yr**, **S2a**, **S2yr**, **F1a**, **F1yr**, and **S-code** (State Course Code): Click in the desired cell, change the value, hit the ENTER key, and it is saved automatically.
2. To change the **CP** (Credit Pursued), **CE** (Credit Earned), or **H** (Honors), or **Grade Source**: Click the blue-green “save” cell on the far right of the row. A detail screen as discussed earlier will appear. Make the needed changes and click on the **Save** button to complete the update.

Delete Transcript Records

1. To delete a grade record from the transcript, click on the red cell in the “D” column (Delete) on the far left of the course.
2. A selection box of semester or final records will be displayed. Select the item(s) to delete, and then click **OK**.

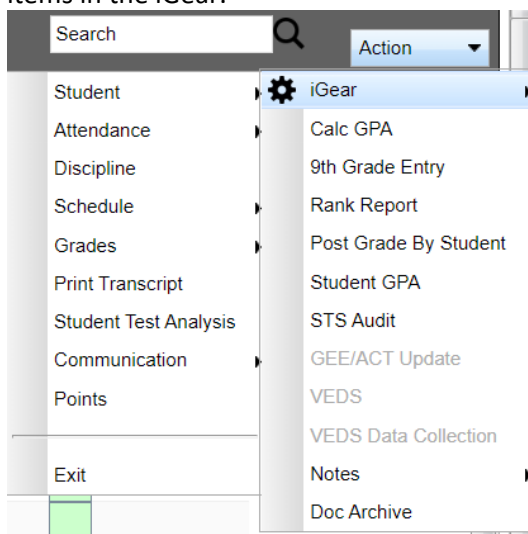

Action Button Programs

Located in the upper right of the transcript workstation, the Action button gives the user access to other functions such as the iGear, Calc GPA (for current student), Set 9th Grade Entry Year, and run a Rank Report (from here, a user can update GPA for all students). Below is a description or directions for each.

Gear Wheel

Offers access to information about the student as shown below. Users that have access can look up and/or change items in the iGear.

Calc GPA (Current Student)

In order to calculate the Cumulative GPA for the current student, click the **Calc GPA** selection in the **Action** button listing. The GPA will be calculated and a course-by-course report of all calculations used in determining the GPA will be provided as shown below.

Course	H	Grade	CP	Product	Earned	Attempted
ACCOUNTING I		3.0	* 0.5	= 1.5000	1.5000	
ACCOUNTING I		3.0	* 0.5	= 1.5000	3.0000

9th Grade Entry

Displays 9th grade entry year. Most students will have the correct year. It may be necessary to manually correct the year in some cases. If necessary, choose the correct 9th grade entry year from the drop down, and click **OK**.

Update GPA

*Accessed via the **Rank Report**.

*It is always a good idea to run this update prior to running the Rank report.

1. From the **Action** button, click the **Rank Report** selection.
 - Can also be run from **Transcripts > Lists > Rank Report**
2. At the **Rank Report** setup box, click the **Update GPA** button as shown below:

3. The **Update GPA** setup box will appear. Options are described below.
 - Set the **Year**, **School**, and **Grade(s)**, and **As of Date**.
 - **Use Current Grades**: Select to use final grades from the current year are to be included in the cumulative GPA calculation. **NOTE**: Normally selected after the midterm of a year. Once an “End of Year Grades Closeout” is completed, then unselect.
 - **0.5 credit to 1 credit course....**: Select this option. If a single semester of a full credit course is taken, the final will be given with only a .5 credit to match.
 - **Use Semester grades only**: Do not select.
 - **Use Final grades only**: Normally selected. This will calculate cumulative GPA only on grades that are in the final category of a transcript. If students have some semester grades but no final, then unselect.

- **Include P grade as failures:** *Do not select this option.* Will take a P grade and count is as 0 quality points just like an F grade. Normally, schools want a P to simply be left out of the calculation since it has no quality points.
4. Click the **OK** button to begin the calculation.
 - A message will be displayed indicating the processing is taking place.
 - The processing will take several minutes. When done, close the **Update GPA** setup box. This will return the user to the **Rank Report** setup box.

Rank Report

*It is always a good idea to run the **Update GPA** utility prior to printing reports with a rank on them. The directions in the **Update GPA** section (previous page) cover how to do this.

1. At the setup screen (shown on previous page), select from the options shown:
 - Set the desired **Year, School, Grade, and As of Date.**
 - **Minimum Units:** If desired, the user can set to limit the ranking to students with a set number of Carnegie Units.
 - **GPA Display Type:** Set to **Alpha Loaded.**
 - **Special Ed Exclusion:** Click to limit ranking according to special code diploma path. Select COA, OM2, OM3, OM4, and OM5 to exclude non-diploma bound students from the ranking.
 - **Include Early Graduates:** Do not select.
 - **Exclude NR Students:** Select this option.
 - **Include Replaced Grades:** Select this option.
 - **View Previous Ranks:** Do not select.
 - **Update GPA:** It is a good idea to update the cumulative GPA before printing any ranks. The directions on the previous pages discuss how this is done. It does not take a long time. After performing the **Update GPA**, the user is returned to this Rank setup screen.
 - **OK:** After performing the **Update GPA**, click **OK** to get a Rank Report on screen.
2. The Ranking report will provide you with a rank of students in the class requested. Additional students will be added at the bottom of the list:
 - **1111** – Special Education and Opt3 students
 - **2222** – Too few credits
 - **3333** – Student with leave code
 - **4444** – SBLC codes (indicates failures)
3. Example **Rank Report** shown below. The report can be sorted in various ways to get details other than ranks.

Carnegie Units Earned Report

The Carnegie Units Earned Report will show credits earned by transcript group, which are then categorized by previous credits earned and current year grades credit earned. Additionally, the report will show many data fields which would allow the user to create and save different reports with optional fields needed.

NOTE: Each column has a tip description for your information.

The Save Report feature will allow the user to select data (columns) needed to make a smaller needed report and give it a Title and Description to use frequently.

Ex: Student Name, SIDNO, Grade, Path, Career Option, PII (Consent), Tests and make this one report.

Column Headers

School - Student's school of enrollment

Grd - Grade level of students whose records need to be edited or whose names are to be included on a report. Leave the field blank if all grade levels are to be included. Otherwise, click in the field to the right of Grade(s) to select the desired grade level(s) to be included.

SASID - Student's state assigned identification number.

Sidno - Student's identification number

Student Name - Student's full name

DAS - This will show a paperclip if student has doc archive attachments. Click on the paperclip to see the student's archived records.

Age - Age of student

Special Codes - Leave blank if all special codes are to be included into the report. Otherwise, choose the desired special code.

SBLC Code - Leave blank if all SBLC codes are to be included into the report. Otherwise, choose the desired SBLC code.

Leave Date - Student's leave date

Leave Code - Student's leave code

Leave Description - Description of the reason the student left school

Grad Date - Graduation Date--Only the 12th graders will show graduation dates and the underclassmen will be blank.

Counselor - Student's assigned counselor

Community Service Hours - The Community Service hours will display pulled from the most recent vocational record.

Total Community Service Hours - Total of all Community Service hours.

Total Scholarship - The student's total scholarship amount.

English through **Reg Elect**: These are transcript (course) groups. Each transcript group has two sub categories:

ERN (Earned) - A count of credits earned for each course for previous years. Ex: 9th graders should have 0 until Grades Closeout EOY is processed at the end of the year.

- If the user clicks on a count in the **ERN** cell, a transcript workstation screen will appear.
- **CYR (Current Year)**: A count of credits being pursued during the current year.
- To see a student's grades for the current year, click the iGear icon by the student's name, then select **Grades**.

Tot Earn (Total Earned) - Total of all counts in each course of **ERN** columns (English, Computer, Math, etc.)

Tot Prj (Total Projected) - Total of all counts in each course of **ERN** columns AND the **CYR** columns (previous years credits plus credits pursued from current year)

Recovery - Total credits from Credit Recovery - This shows the sum of all transcript record credit recovery credits as indicated by a check in the CR box in Transcript Workstation. If a student earns more than two credits in a single year, then the cell will be red.

Current Year Recovery - Current year credits from Credit Recovery.

GPA - Cumulative transcript GPA

Pii (Personal Identifiable Information) - Consent to share PII.

Sped - If the student is a special ed student, **SPED** will show here, otherwise special codes will show here.

504 - Is student 504.

Act 833 - Act 833 Codes and description

Path - Career path codes

Tests - This column identifies if the student has test results necessary for graduation requirements in Louisiana. "Yes" is displayed if the student has the test results to graduate. "No" is displayed if the student does not have the test results to graduate. An "A" indicates the test was an Alternate Assessment test but still displays a Yes on the student's transcript.

- Need to manage test scores for students as a result of reviewing this report? Go to *Grades > Entry > Test Score Editor* to enter/edit student test scores.
- The Assessment substitutions (for seniors only) can be denoted if a student has passed the Graduation Exams. Sort the "Tests" column to get the value of Nos "N" to the top. Then click on any of the course's "Credits Earned" fields and you will get the **Transcript Workstation** to pop up. Make sure **Run Transcript** is checked on the initial setup box. Now click on the title **Grad Test: N** at the top of the page. A popup window should allow the user to select from the values below.
