Find a Student using the Find button

1. Click the **Find** button located at the bottom of the **Student Master** screen. This brings up a list of students in alphabetical order.
2. Use the keyboard or the keypad at the top of the list to type the last name in the search box or scroll down the list and select the appropriate name.
3. The student information will appear on the **Student Master** screen.

Find a Student using the Search Bar

1. The search field is the blank field to the right of **Action** at the top of the screen. Search by typing all or part of the student's last name, first name, social security number, or student ID number and hit **Enter** on the keyboard.
2. A list of possible matches is displayed and can be sorted using any column heading.
3. Select the desired student. The student information will appear in the **Student Master** screen.
4. **TIP:** In this field, the user can search Student Name, Father Name, Mother Name, Guardian Name, and any phone number. Simply type in what is being searched for. Any matches will show in **bold**.

Using the Gear Box

1. Find the student using the **Search** box or the **Find** button.
2. Click on the **gear icon** at the end of the **Student Name** field.
3. Make a selection.
 - Student
 - Attendance
 - Discipline
 - Schedule
 - Grades
 - Print Transcript
 - Student Test Analysis
 - Communication

Print Student Demographic Sheet

1. Click on the **Action** button at the top of the screen.
2. Select **Demographics**.
3. A print preview will open displaying the student's demographic information. Choose either Print or Save.

Enroll a Student Using Re-Enroll

1. If working on a student, before enrolling another, click the **Save** button to save any work being done on a current student.
2. Click the **Clear** button on the lower center portion of the student master screen. Click in the yellow field next to *Name* and the *Student Information* window will open.
3. Enter all or part of the **first** and **last name** of the student, OR enter all or part of the student's ssn in the ssn field.
 - If any part of the name contains an apostrophe, use the key left of #1 and above the Tab key on the keyboard.
 - If the student's name is an uncommon name, try using the first two or three letters of the first and last name instead of the whole name.
 - **TIP:** If the name matching is too difficult, and no results are returned, clear the names and search by putting the ssn in the ssn field.
4. Click **Action** in the upper right of the screen. Choose **Re-Enroll**.
5. Check the appropriate items to import.
6. **Always at least choose the home district to search from. If the student is coming from a JCampus district, choose the district from the drop down menu.**
7. Click **Ok**.

8. If any matches appear on the screen in the home district, check to make sure that for the current year, the student has a leave code from the previous school. If none are present, contact the previous school in the district to post a leave code, then repeat the search.
 - For in district searches, be sure to choose the **most recent entry** (top entry) for the current year.
 - If any matches appear from the other JCampus district, be sure to choose the most recent entry.
 - When a row is selected, an initial view of the student’s data will be presented to make sure the correct student is being selected.
 - After verifying the information, if it is the correct student, click **Import**.
 - Enter the appropriate **entry code**, **entry date**, and **grade**, then click **Ok**. The student’s information will be brought in and a new student master record will be displayed on the screen.
 - Don’t assume information from the other school site is correct. Verify all information; including ssn, date of birth, etc..
9. If no match appears, close the reenroll box and begin entering student’s information from scratch.

Entering / Editing Demographic Information in Student Master

Student Name

1. Click in the yellow field next to *Name* and the *Student Information* window will open.
2. Enter the student’s **first** and **last name**.
3. If any part of the name contains an apostrophe, use the key left of #1 on the keyboard.

Student Address information:

1. Work with the **physical address** first, then copy to the **mailing address** if the same.
2. If the address does not match the map suggestion provided, check for spelling inaccuracies, proper suffix information, and correct numbering.
3. If the address still does not match the map suggestion, click on the left “Address Entered”, then give a reason at the bottom of the screen for why the address does not match.
4. If the mailing address is not deliverable, check with **usps.com** for the correct deliverable address.

Address Standards and Abbreviations

When entering addresses, it is important to be consistent. Below are suggested address standards for abbreviations and formats when entering any address for students, parents, or emergency contacts.

Assigning Fees to Multiple Students

Using the **Fees Loader**, many students can be loaded with a fee at one time. As an example, we will give all 9th grade students a locker fee of \$5.00

1. Under Student Master, click **Loaders**, then **Fees Loader**.
2. At the setup box, set the **Year**, **Grade**, and **As Of** date.
3. Select the **Fee** to be loaded.
4. Click **OK**.

- At the bottom right of the screen, locate the **Add Fee** button.
- In the Click in the field and type the fee amount to be assigned to multiple students. Click the **OK** button.
- Click in the column underneath the type of fee for the students you wish to assign a fee to, then click the fee on the right to assign.

Printing a Fees Report

- Under **Student Master**, expand **Lists**, then **Fee List**.
- At the setup box, set the **Year**.
- District** and **School** should be defaulted based on security.
- Set the **As of Date**.
- Leave **Grade**, **Gender**, and **Ethnic** blank to include all criteria; otherwise click in the field to make selections.
- Click **Ok**.
- On screen you will see a listing of students associated with fees. To print the report as seen, click **Print**.
- To print columns that are to the far right, click and hold on the column label and “drag” to the left into the printable area of the screen.

Enrollment Audit

The enrollment audit is an important report that checks for dual or overlapping enrollments, birthdays that seem off of the normal grade level, grade levels that don’t match the grades offered by the school, and other items. There is a legend at the bottom of the report to assist the user.

- In the left navigation panel, select **Student Master**, then **Lists**, then **Enrollment Audit**.
- At the setup box, set the **Year**, and **School**, then click **OK**.
- In a few moments, a listing will be produced on screen of students that have possible enrollment details to be checked on in student master.
- On the far right, click on the column labeled **Error Type** to sort the report by error type. On the various rows, the user will see that possible errors have an asterisk next to them.
- At the bottom of the screen, a legend of the error codes will be displayed. Common ones are highlighted below.

1 Illegal chars.	9 Grade not at sponsor site	17 Missing ethnic code	25 Missing entry code or date
2 Generation suffix in name	10 No calendar for grade	18 SSN length not 9	26 Invalid leave code
3 Empty name field	11 Missing fund. code, Pre-K	19 SSN has illegal chars.	27 Missing leave code or date

8 Invalid grade	16 Invalid ethnic code	24 Invalid entry code	32 Invalid school/district
			33 Missing PreK Experience Code

- Using the report, go to the student master record of each student and resolve any issues found.
- Common Error Codes And What To Do With Them:**
 - 28 Overlapping enrollment:** The student has an enrollment date conflict with another school in the district. To fix, do one of the following in the **Student Master** record of the student...
 - Click to check the **Enroll History** of the student.
 - You may see that the student has an enrollment that does not have a leave code at the other school, or at your school. This would mean that the student is enrolled at two sites. Contact the other school and resolve with a leave code at the proper site.

- You may see that the student has a leave code from a previous site that is not in agreement with the entry code at your site. Work with other school site to correct the proper leave/entry date at the school sites.
- b. **2 Generation suffix in name:** This is caused when the generation suffix, such as JR, is not matching one of the generation suffix choices in JCampus. To fix, do one of the following in the **Student Master** record of the student...
 - i. Click on the Name of the student to see name details:
 - If the generation suffix of “Jr”, “II”, etc..., is in the first name or last name field rather than in the suffix field; edit out the generation suffix from the first or last name, and click the correct choice in the **Suffix** field, then click **Save**.
 - If the generation suffix does not match of the available choices in the **Suffix** drop down; Click on the generation suffix; pick one of the choices, then click **Save**.
 - c. **9 Grade not at sponsor site:** This is caused when the grade level of the student does not match the grades offered at the school. To fix, do the following in the **Student Master** record of the student...
 - i. Adjust the grade level of the student to a grade that is offered at the school, then click **Save**.
 - d. **11 Missing fund code, PreK:** This is caused when a PreK student (-1) does not have a funding code required for state reporting. To fix, do the following in the **Student Master** record of the student...
 - i. Locate the student in **Student Master**. Click on the **Special Codes** area of **Student Master**, and then assign a PreK funding code per **Special Codes for State Reporting** section of this guide.
 - e. **18 SSN length not 9:** A student who does not have a 9 digit SSN will be listed with this code. To fix, do the following in the **Student Master** record of the student...
 - i. Check cumulative records for the correct SSN of the student.
 - ii. If you have rights to change **SSN**, click on the name of the student to see the SSN field. Edit the SSN, then click **Save**.
 - iii. If you do not have rights to change the **SSN**, contact your JCampus district administrator to make the change.
 - f. **22 Suspicious birthdate:** Any student more than 2 years off of the normal age for a given grade level will be listed here. To fix, do the following in the **Student Master** record of the student...
 - i. Verify the birthdate in cumulative records.
 - ii. If editing of the birth date is needed, update in the **Birth Date** field, then click **Save**.
 - iii. If the grade level of the student is the real cause, update the **Grade** field, then click **Save**.
 - g. **33 Missing PreK Experience code:** A Kindergarten student (grade 00) does not have a PreK experience code (one of the Special Codes that begin with “K”). To fix, do the following in the **Student Master** record of the student...
 - i. Locate the student in **Student Master**. Click on the **Special Codes** area of **Student Master**, and then assign a PreK funding code per **Special Codes for State Reporting** section of this guide.

Obtain a List of Invalid Physical Addresses

1. In the left navigation panel, under **Student Master**, then **Lists**, click the link for **Audit 911 Address List**.
2. At the setup box, check the **Year**, **School**, and **As of Date**. Click the **OK** button.
3. A listing of students will be displayed showing current mailing and physical addresses.
4. On the far right is a **Reason** column.
 - a. Addresses that do not match the system will have a message of **“AVS Invalid”**.
5. Check for simple reasons for mismatch such as spelling of names, zip code missing, wrong number, etc...
6. Work to clean out any simple ones that are easily repaired.

7. You may find it handy to look up the address on **Google Maps** to help resolve the issues.
 - Open a tab on Google Chrome, then enter in the URL of **maps.google.com**.
 - In the upper left there is a search box. Enter some of the address, such as the street name and city to see how it shows on the map.
 - Look for misspelled names, or maybe city information that may be incorrect in the student’s address, or perhaps new construction.
8. Remember that mailing addresses do not necessarily have to match the map system. For these, the postal system (www.usps.com) is the authority for what is correct.
