Approval of Application to Student Master

- Now go to the bottom of the screen and click the **Approve** button.
- The process to bring the student from the ORS system into the specified year in JCampus Student Master.

- The program will next Run Audits before moving forward.

The next part of the process will continue:

Enter the Entry Code to be used on the student.

Remember if a new preschool student or kindergarten student who has not attended preschool, then use E1. Otherwise use the proper code.

Enter the Entry Date – usually the first day of next school year.

Entry School: If the school is correct, go to the next step. If not correct, select the correct school. The School Name will appear when you select the school number.

Transferred From: If applicable, enter the school the student is transferring from.

Special Codes can be entered at this time or can be entered later using the Special Code Fast Loader.

Begin Date is the date for the Special Code if you enter one here.

“Pending” check boxes: Do not use for Jefferson Parish.

 A dialog box titled "Entry Information" with a close button (X) in the top right corner. It contains several input fields: "Entry Code" (text box), "Entry Date" (calendar picker), "Entry School" (dropdown menu), "Entry Sch Name" (text box), "Transferred From" (text box), "Special Codes" (text box), and "Begin Date" (calendar picker). Below these fields are two checkboxes: "Pending Home Verification" and "Pending Grade Verification". At the bottom are "OK" and "Cancel" buttons.

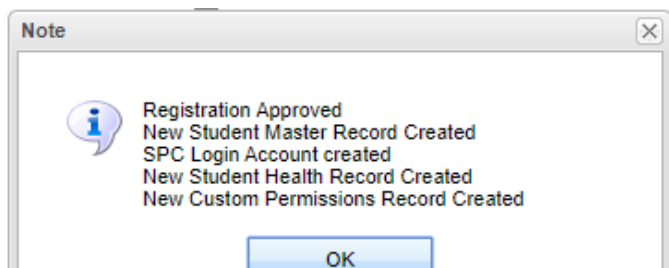

Click **OK** to move to the next step.

After the process is complete you will get a message before completing importing the student from the ORS system using the Re-enroll process.

The Student Master Record has been created.

The login from the ORS system the parent created is moved to the SPC Login Account.

If Health and Permissions were used in the process then they are created in the Student Master and Health modules.

If the parent has an email address the Note will indicate the email went out. If the parent has no email address the Note will indicate this (as shown on right).

You are now ready to begin the Re-enroll process to finalize the student in Student Master. This flow is familiar to staff who reenroll students and works in the same manner.

Warning: You are about to access sensitive Personally Identifiable Information (PII). It is to be controlled, handled, distributed, and disposed of in accordance with all local, state, and federal privacy laws. This information shall not be used without prior authorization of the student's parent/guardian.

This Option will check the Statewide or District database for similar student names. A list will be provided for selection.

1. Must have name or partial name entered on the Student Master main screen.
2. Must check application data to load to your system below.

Check off all that apply and are needed.

Your district should be in the drop-down box since you are importing the student from the Online Registration System.

If this is the correct student listed, click on the student's name to populate the bottom portion of the window.

When transferring a student from the ORS system, you will want to:

- 1) Check off "Use Previous Address" to bring the address(es) into Student Master.
- 2) Check off "Allow Transfer from sending school without leave code" which is only used in the ORS process. The district usually requires that a student is brought into a school only if the previous school has entered a leave date.

NOTES:

- On the approval process, allow five (5) special codes to be added to a student at one time. A begin date for special codes can be added when entered.
- On the approval process, student will be searched for a near match. If near match is found, a window will appear to allow the user to select the near matched record to use the sidno or select no match.
- During the approval process, if there is an existing setup box year record that has the same first name, last name, gender and date of birth as the applicant, give user a question of whether to update the existing record with this applicant, create a new student master record with this applicant or cancel.
- When approving a student that has a relationship of Foster Parent, Foster Father or Foster Mother; it will post the program code of **FOS** on the Program tab of Student Master, using the start date of the ORS approval.
- After the student has been approved, and all near matches have been chosen, then display the re-enroll system that allows the user to choose the information to import along with the district standard re-enroll process.

- When the registration is approved, relationship information is added to the [Student Master](#) Record. For the blank fields, the flow now depends on what was checked on the **ORS Relationships** page.

Relationships

Resides With
 Emergency
 Primary Guardian

If "Primary Guardian" is checked, the flow is to first add the ORS data to the Student Master Guardian's information, if applicable.

Then it checks the Father, if applicable, and then the Mother.

- Father and Mother can be any instance of father or mother for example: step-father/mother, natural father/mother, adopted father/mother, etc.

Then it will check the "Resides With", if applicable.

After those four are processed, next it will check the "Emergency" field. If there is more than one emergency contact, it will add their information to the Comments.
