End of Year Guide - Elementary and Middle Schools 2324

Below is a checklist of common procedures associated with closing of a school year for elementary and middle schools.

1. Finalize Grades

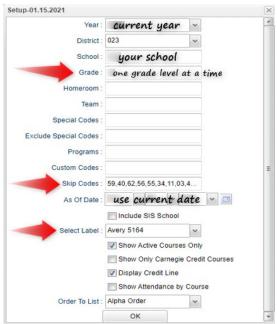

a. Principal Communicate Grades Deadline for Teachers

Principals communicate the deadline for all assignments to be in Classroom Gradebooks via emails, websites, or other means.

b. Check for Missing Grades

Check for missing marking period grades by printing a plain paper Cumulative History label (kind of like a mini report card) or by using the Missing Grades Audit.

- **Cumulative History Label**: Go to *Grades > Lists > Cumulative History Label*.
 - Set for Grade level. (we suggest to do one at a time)
 - Skip Codes: Select all P codes
 - Select Label: <u>Avery 5164</u> and others as shown.
 - A list of students will appear. Select the students, then click the Print Labels button.
 - A setting for starting line will be displayed. Set to "0".
 - Review the printout for students with missing marking period grades. Use Post Grades by Student (Progress Report Mode) to enter or manage any missing marking period grades on students.
 - After grades are checked and finalized, use this report to print labels for the cumulative folders if done in your parish.

• **Missing Grades Audit**: Go to *Grades > Entry > Missing Grades Audit*

- Use this report to check for missing marking period grades. This is important because a missing grading period average will result in no final being calculated for the course.
- If students are missing marking period grades, go to "Post Grades by Student" (Progress Report Mode) to enter or manage students with missing marking period grades on subjects.

Incomplete Grades Audit:

Use this report to check for incomplete assignment grades in the gradebook that need to be updated to remove the marking period "I" grades.

- Go to Grades > Lists > Incomplete Grades Audit.
- Check for "I" (incomplete) grades, which are the result of "i" grades given to assignments in the Gradebook.
- When the teacher updates the "i" assignment to a valid grade, then clicks "Save", the average is updated. This will result in an accurate calculation of the final average.

Projected Final Averages

If at this time of the year, sometimes the school would like a report of projected final averages of students.

Either of the reports below can deliver this information.

- By the Teacher:
 - In Gradebook, open a section for current grading period.
 - Click Reports / Grades / Term Grades Report / All Students Projected Final.
 - A grade sheet with projected final grades will appear.
- By the Office Staff Member
 - Go to Grades / Lists / Possible Failures
 - Set as shown below:

2. Check Reports

- a. Check for Missing Final Averages
- Using the **Cumulative History Label** as a mini report card, or using the **Missing Grades Audit**, check that students have a final grade (F1) in courses that are needed.
- What do I do if there is a missing final?
 - Go to Post Grades by Student in "Progress Report Mode" and manually enter the Final grade, then click the "SAVE" button when done.

b. Print Grade Sheets (teachers can verify electronically in JCampus)

Go to Grades > Lists > Grade Sheets

- Print grade sheets for the teacher to review and sign for accuracy.
- If the teacher identifies any problems, investigate them.
 - Generally, you want the average to be the result of assignments in the system. If the teacher claims average is wrong, start with what assignments are in the Classroom product for the student.
 - If there is an averaging problem, contact district coordinator.
 - If due to missing grades, update the missing grades or final in Post Grades by Student,

d. Assign SBLC (Retention) Codes

The SBLC code on student master is used to identify students as retained, or going to summer school, or other conditions.

- A blank SBLC code means that the student is being promoted.
- These SBLC codes and descriptions print on the final report card and on cumulative history labels.

• Fastest way to do this: Use the SBLC Code Loader.

- Go to Student Master > Loaders > SBLC Code Loader.
- Click to place an asterisk for students to be retained, then select the SBLC code on the right.
- To assign a SBLC Code to a single student, go to the student's Student Master screen, click in the SBLC field on the right, select a SBLC Code, then click the Save button.
- Commonly used SBLC Codes:
 - F Retained Student Not Promoted
 - Z Retained Pending Summer School
 - X Retained -Decision by School Committee -SBLC
 - B Retained Parental Request
 - V Retained Attendance Violation
 - P Promoted Placed by School Committee SBLC
 - Q Promoted Due to Limited Retention

e. Print Retained List for School Administration Review

In this step, the school prints a list of retained students for the school administrator to review.

- Go to Student Master > Lists > Retained Promoted List.
- At the setup, set for all grades, "Retained", and place a check for "Show Number of Times repeated".

- Data Processing performs this task.
- If any changes are made to grades after EOY Grade Closeout, the school must keep documentation and send the names to Data Management so that our office can perform another EOY Closeout on the students.

Dropping Students - End of Year

• In Iberia Parish, exits and gains are done on the <u>first day of the next school year.</u>
